

# Ecogranite Cobbles Block Paving

## Data Sheet

a Forterra brand

Ecogranite has a textured surface finish with non-slip properties, making it ideal for pavements, paths and driveways. Ecogranite cobbles are available in either 60mm or 80mm depths that can be traditionally coursed or laid in a more unusual pattern such as circles or Flanders fans. Ecogranite kerb system, edging and starter circles have been specially designed to complement the range.
